- Indian Prime Minister Narendra Modi inaugurated the World Sustainable Development Summit 2018 (WSDS 2018) at Vigyan Bhawan in New Delhi on February 16, 2018.
- The summit is the flagship forum of The Energy and Resources Institute (TERI).
- The summit's theme this year is 'Partnerships for a Resilient Planet'.
- The summit addressed several issues including combating land degradation, air pollution, facilitating a transition to clean energy and creating financial mechanisms to enable effective climate change mitigation.
- It also focussed on measures to increase resource and energy efficiency and effective waste management mechanisms in order to make the cities free of landfills.
- It hosted eminent international speakers who addressed a variety of issues including reducing the impact on land, air and water, as well as exploring the ways and means to utilise energy and resources in a more efficient manner in the plenary sessions.
- Besides, the thematic tracks at the summit included discussions on issues related to sustainability, including carbon markets and pricing, sustainable transport, resilient cities, solar energy and refrigerant technologies.
- The summit also hosted an exhibition titled 'Greenovation' that showcased the latest technological advancements to meet Sustainable Development Goals.

- It witnessed participation from over 2000 delegates including policy makers, researchers, think tanks, diplomats and corporate professionals from across the world.

#### ***WhatsApp gets NPCI nod for BHIM UPI launch***

- The National Payments Corporation of India (NPCI) today has accorded its consent to roll out WhatsApp BHIM UPI beta launch with limited user base of one million and low per transaction limit.
- Four banks will join the multi-bank BHIM UPI model in the coming weeks and full feature product shall be released after the beta test is successful, NPCI said in a release.
- Set up in 2009 as the central infrastructure for various retail payment systems in the country and envisaged by the Reserve Bank of India as a payment utility, NPCI has been working to facilitate digital payments in the country with globally recognised products like Bharat Interface for Money BHIM-Unified Payments Interface (BHIM UPI).

## **India and states**

#### ***West Bengal becomes first state to opt out of National Health Protection Scheme***

- The state of West Bengal on February 13, 2018 became the first one in India to opt out of the Union Government's National Health Protection Scheme that was announced in Union Budget 2018-19.
- The announcement was made by the state's Chief Minister Mamata Banerjee, who said that the state will not waste its hard earned resources to contribute its share to the programme.
- Banerjee said that the centre has drawn up a health plan in which 40 per cent of the fund has to come from states but questioned that why should the state spend on another programme when it already has its own.
- The West Bengal government has already enrolled 50 lakh people under its own Swasthya Sathi programme.

#### ***Tri-service maritime exercise 'Paschim Lehar' begins***

- The Tri-service maritime exercise 'Paschim Lehar' was initiated off India's western coast on February 12, 2018.
- The main objective of the exercise was to build interoperability between the Indian Navy, Indian Army, Indian Air Force and Coast Guard.
- Around 40 ships, submarines and fighter aircraft participated in the exercise.
- In the initial phase, the exercise included a number of weapon firings, including missile, gun and torpedo firings.

- The second phase has been structured to validate and refine the operational plans of the Western Naval Command.
