Indexes

India's rank slips to 140 in World Press Freedom Index 2019

- The **Reporters Without Borders (RSF) on April 18, 2019 released the World Press Freedom Index 2019, reflecting growing animosity towards journalists.**
- India's rank in the **World Press Freedom Index 2019 dropped down to 140th from 138th in 2018, two points below the previous year.**
- As per the Index, one of the most striking features of the current state of press freedom in India is violence against journalists including police violence, attacks by Maoist fighters, criminal groups and corrupt politicians. At least six Indian journalists were killed on duty in 2018.
- The year 2018 witnessed a surge in attacks against journalists by supporters of Prime Minister Narendra Modi in the run-up to Indian General Elections 2019.
- **This year, the index has been topped by Norway again for the third year, followed by Finland and Sweden** at second and third positions, respectively.
- At the bottom of the Index, Vietnam (176th) and China (177th) fell one place; Eritrea that moved up 1 place from last year ranked at 178th; North Korea fetched 179th position; and Turkmenistan moved two positions down to 180th rank.

World

- **Maiga's government came under mounting pressure over handling the violence in the restive Mopti region**.
- The rage was rising especially after a massacre on March 23 in which 160 people were killed in the village of Ogossagou near the border with Burkina Faso.

Books

Book on Jallianwala Bagh poem 'Khooni Vaisakhi' released in UAE

- A book containing English translation of the 100-year-old Punjabi poem about **Jallianwala Bagh massacre, 'Khooni Vaisakhi' released in UAE**.
- The poem was translated by India's Ambassador to the UAE Navdeep Singh Suri whose grandfather, revolutionary poet and novelist Nanak Singh wrote it after witnessing first-hand the events of massacre on April 13, 1919.
- The book was also released in New Delhi on April 13, 2019, marking 100 years since the Jallianwala Bagh massacre that took place in Amritsar.

Obituaries

First female astronaut candidate of USA Jerrie Cobb dies

- **NASA's first female astronaut candidate, pilot Jerrie Cobb, has recently died. Cobb died in Florida at age 88 last month.** News of her death came on April 18, 2019 from journalist Miles O'Brien, serving as a family spokesman.
- In year 1961, Cobb became the first woman to pass astronaut testing. Altogether, 13 women passed the arduous physical testing and became known as the Mercury 13.
- But NASA already had its Mercury 7 astronauts, all jet test pilots and all military men. None of the Mercury 13 ever reached space, despite Cobb's testimony in 1962 before a Congressional panel.
